

OUR MORE FIRES.
are in the streets and are reported under control.
FRESNO, June 17.—Four forest fires broke out Saturday night in the Sierras to the east of this city. All were reported under control tonight. The largest fire burned over several thousand acres of small timber, and for a time threatened the town of Ashland. The other fires occurred near Fire, Fresno, Fresno and Wadsworth.

NEW HEAT FIGURES
ARE ESTABLISHED.
[BY A. P. NIGHT WIRE.]
SAN BERNARDINO, June 17.—New heat records in the inland city of Southern California, established yesterday, were topped today. The thermometer reached 114 degrees here. At Riverside the government thermometer registered 115 degrees. Points further inland reported temperatures as high as 120. Young oranges and lemons and other crops are said to have been damaged.

WOMAN INJURED IN
VENICE COLLISION.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
VENICE, June 17.—Mrs. A. C. Anderson of Santa Monica was taken to St. Catherine's Hospital in the latter city tonight following an automobile accident at Ross avenue and Marine street. She is believed to have suffered serious internal injuries. The automobile in which she was riding collided with a machine driven by A. K. Bailey of Dallas, Tex.

FORCE IDLERS TO LABOR.

Short Shift of Mr. Lazbyones in Salt Lake City.

SALT LAKE CITY, June 18.—Fifty Salt Lake idlers were seized today by local police and sent to Garfield, where they were compelled to accept work at \$2.50 a day with a construction company which is engaged in mining work for the government.

and 25 and August 5. There is no certainty that the administration will be able to furnish the tentage to shelter the citizen soldiers in the southern training camps. There also is a shortage of blankets, clothing, shoes, guns and other equipment.

The original plan was to mobilize the State troops in the State camps. Then it was announced that the guard would be sent directly to the training camps. Now the plan is to mobilize the guard in the State camps if the training camps are not ready.

The War Department admitted today that the national army probably will not be sent to the training camps until some time in October instead of September 1. It was explained that the farmers were protesting against losing their help as early as September 1, and that, as it happens, it will not be inconvenient to accommodate the farmers, because the War Department cannot possibly provide the equipment for the training of the selective draft forces for several weeks after the State originally fixed for the mobilization of the 625,000 young men.

MOBILIZATION.
The greatest obstacle to the mobilization of the national army is the delay in the construction of the cantonments in the sixteen divisional camps. Although the contracts have been awarded for five of these cantonments the contractors have not received the final set of specifications from the War Department. They are unable to turn a wheel until they know how much material

AIR NAVY OUR NEED.

Fliers so Tell the Lawmakers.

Americans Back from France Testify Before Committee of the Senate.

"Why not Take the Initiative and Lead?" is Query of Admiral Peary.

WASHINGTON BUREAU OF THE TIMES, June 18.—Lieut. Ramsey and Prince, American fliers of the Lafayette Escadrille in France, testified in secret today before the Senate military affairs subcommittee on the Sheppard-Hulbert bill to create a department of aeronautics.

Statements of the American fliers from the European war zone were taken in executive session for military reasons, but their revelations are said to have made a deep impression upon members of the committee as to the necessity for a great American air navy.

Rear-Admiral Peary continued his statement, begun last week, declaring that it should be "the fixed national aim of the United States to become the first air power of the world."

"Why not take the initiative and lead?" Admiral Peary continued, "instead of being pushed into every move of national preparedness as has been the case with us for the past two years? And why not do it now?"

"To give the United States proper air power—real air preparedness, we need immediate and full appreciation, on the part of the public, the press and the government of the vitalness, the magnitude and immediateness of this question of air power for the United States. Then we want:

"A separate department of aeronautics, independent of army and navy with a seat in the President's Cabinet.

"An aviator class similar to our present chauffeur class. Thousands of young men throughout the country able to handle an airplane as a chauffeur handles his car—aero-chauffeurs.

"A comprehensive aero coast defense system along the general lines of the National Aerial Coast Patrol Commission has indicated and is urging. This system should comprise a continuous cordon of aerial planes, 100 miles or more off the coast and large aero squadron stations near the principal coastal cities, to protect the cities from air raids and for offense against a hostile fleet.

"A great central aeronautical manufacturing plant similar to our largest automobile establishments, located in the interior of the country where it can be protected to the last ditch. This all hinges and centers on the first item, a department of aeronautics, given that the other items will follow as a matter of course.

"We need airplanes for coast patrol, protection, convoy of ships, frontier patrol and protection, for our army, for our navy, for air defense of our cities, the Panama Canal and Hawaii, St. Thomas, Guantanamo and other like stations."

GOVERNMENT'S COAL SUIT GOES TO TRIAL.

NEW YORK, June 18.—The government's case against sixty-four individuals and 108 corporations indicted on a charge of conspiring to restrain trade and fix prices in semibutuminous coal regions in Virginia and West Virginia was brought to trial here in the United States Court today. The defendants are being prosecuted under the Sherman anti-trust law.

Isaac C. Oeland, addressing the jury on behalf of the government, said it would be shown that prices were fixed and agreements made in 1914, 1915, 1916 and 1917.

The Smokeless Coal Operators' Association, in conjunction with sales agents and others, he declared, dictated prices, organized working combinations and established agreements calling for uniform contracts.

MISS O'BRIEN GIVEN BIG CASH HEART EASE.

NEW YORK, June 18.—A verdict of \$225,000 in favor of Miss Honora O'Brien, 38 years old, in her breach of promise suit against John B. Manning, a retired banker and millionaire, 45 years old, was awarded by a State Supreme Court jury in Long Island City today.

The plaintiff, secretary to a New York newspaper man, alleged that the defendant, father of grown children, broke his promise to marry her.

CEREAL REQUISITION ORDERED IN FINLAND.

PETROGRAD, June 18.—With the approval of the Finnish Diet and the provisional government, the Finnish Senate has ordered the requisition of all cereals.

One young British pilot a few days ago deliberately "sat" over a German airfield and smashed, one by one, four machines which came up to attack him.

After this exploit the pilot returned safely, but with his machine considerably shot up by machine-gun fire from the ground.

LANDING AT RIGA.
BERLIN (via London) June 18.—German airplanes on Friday effected a landing on an island in the Bay of Riga and destroyed a Russian base there, it is announced officially. The statement follows:

"Greater activity by Russian naval forces in submarine and mine warfare made necessary defensive measures on the German side, which had the following result: On June 15 our 12 aeroplanes dropped explosives and incendiary bombs in large quantities upon Russian bases, obtaining good results. On June 14 the military station on the island of Runo, in the bay of Riga, was bombed with visible success. On June 15 our aeroplanes landed on the island and destroyed the remaining portions of this base. All our airplanes returned."

ASKED AND ANSWERED.
ATLANTIC CABLE AND A. P. J.
LONDON, June 18.—Replying to a series of questions in the House of Commons this afternoon as to whether the British government had decided upon reprisals for the German raid on England, Andrew Bonar Law, member of the British War Council, said the government intended to take steps not only for damaging the enemy, but for preventing raids on England.

ALABAMA MINERS GET WAGE ADVANCE.

BIRMINGHAM (Ala.) June 18.—A wage advance of 10 per cent. for 25,000 mine workers throughout the Birmingham district, effective July 1, was announced today. The increase, which is 5 to 8 cents a ton, places the coal mining in this district on a basis of 75 cents a ton.

GERMAN AVIATORS TRY TO "COME BACK."

Virtually Driven Out of the Air by the Allies in the Battle of Messines, the Kaiser's Experts are Trying the "Flock" or "Massed" Formation in Their Efforts to Reach the Enemy.

BRITISH FRONT IN FRANCE, June 18 (via London).—Having virtually been driven from the air during the battle of Messines, the German air forces have been attempting to reassert themselves during the past week by adopting the familiar old Teutonic tactics of mass formation. The British pilots report that they seldom meet the Germans now in squadrons of less than fifteen machines, while occasionally they encounter an enemy aerial "army" consisting of from forty to sixty airplanes.

None of these great formations has yet been able to cross the British lines, for the new tactics have found the Royal Flying Corps prepared, and numbers have met with numbers. Some of the battles of the last few days have found as many as from seventy to eighty machines involved. All these engagements have occurred well inside German territory, and have been barely visible from the British line. The pilot engaged found the fighting so heavy that they had no time to reckon the losses inflicted upon the retreating Germans. Later, however, British machines flew over the ground, counting the machines which had been burned or wrecked. After one of these general melees ten enemy airplanes were seen smashed, while only two British fliers had been compelled to quit the fight, one of these being able to land within his own line.

One young British pilot a few days ago deliberately "sat" over a German airfield and smashed, one by one, four machines which came up to attack him.

After this exploit the pilot returned safely, but with his machine considerably shot up by machine-gun fire from the ground.

PEACE AT ANY PRICE OFFENDS GREAT AUTHOR

"Revolution is not Ruining Russia," Declares Famous Slavic Writer.

ST. PETERSBURG, Sunday, June 17 (via London) June 18.—Maxim Gorky, the author, is taking the lead in a widespread movement for political and economic reconstruction of Russian affairs, having announced that he has abandoned politics and in future would devote himself to cultural and artistic questions.

"The evils from which Russia is suffering have as their first cause our painful backwardness in scientific and technical knowledge," he said, "and to that may be traced the present political instability of which you hear so much."

AS TO POLITICS, I will merely deny the stories circulated abroad that I am an adherent of the faction which desires peace even at the price of Russia's destruction. I am accused of being one of the "pacifists," a new term of derision applied to that faction. My position is merely that I condemn all wars and expect the present war will be ended by the combined action of the world's democracies.

"As regards our internal condition, I advise you not to believe the talk about anarchy too readily. Undoubtedly, anarchy exists temporarily, but its seed existed long before the revolution. The fact is that under the conditions of the old regime of despotism, arbitrariness, cruelty and falsehood Russians could not develop a sense of order and justice."

"Today many are disillusioned. I am beginning even to receive letters proclaiming that the revolution is ruining Russia. This querulousness is a natural product of our national passivity and is equivalent to crying fire without summoning the fire brigade. We must have a positive and constructive scheme for curing our underlying ills. The medicine, I am convinced, is science. Nearly all the evils of our daily life spring from the absence of science."

"Through lack of science half our peasant children die before reaching the age of 1. From the same cause nearly all the peasant women suffer from women's complaints."

POOR FARMERS.
"The mulier cultivate the land so badly that the average yield is less than one-fourth the yield obtained in England or Belgium. Conditions in our cities are equally bad. We have no drainage anywhere. Our town soil is poisoned. We are choked with smoke and dust. Then children are rickety, nervous wrecks. Against such evils we need not sterile dreams, but science, technique, machines, officially developed industry."

"We assist in bringing this about there should be once created scientific institutions. If thereby we cleanse Russia physically and intellectually, our anarchy will cease."

"Soon anarchy will be uprooted by order. Believe me, Russia is not lost. I believe firmly in our nation's genuine aspirations to higher civilization. About these should be created scientific institutions. If thereby we cleanse Russia physically and intellectually, our anarchy will cease."

"Soon anarchy will be uprooted by order. Believe me, Russia is not lost. I believe firmly in our nation's genuine aspirations to higher civilization. About these should be created scientific institutions. If thereby we cleanse Russia physically and intellectually, our anarchy will cease."

WARNING OF DEATH TO "PACIFIST SPIES."

WASHINGTON BUREAU OF THE TIMES, June 18.—Pacifists, slackers, objectors and the sleepheads continue to trouble Uncle Sam, who is trying to make war. The government is awake today to the menace of the obstructionists and the indifferent.

In all parts of the country these groups are continuing their efforts. Thus far most of the agitators, perhaps under pacifist legal advice, have managed to keep in the main within the law. There seemingly is a determination on the part of the government to do something when the extremists forget themselves.

say or do those things which they are only too anxious to say or do if they think they can say them and do them unscathed. There is a belief in Washington that some few of the women who have covered themselves in the past with the cloak of public benefactors may be about to be active in other ways than pacifist ways. There are spies in the United States and they are doing what they can to deliver the cause of this country over. As the general view of things seems to be, it would not be surprising to find what they can to deliver the cause of this country over. As the general view of things seems to be, it would not be surprising to find what they can to deliver the cause of this country over. As the general view of things seems to be, it would not be surprising to find what they can to deliver the cause of this country over.

MUNITIONS MAKERS HATE TO PAY TAXES.

WASHINGTON, June 18.—Widespread attempts on the part of munitions makers to evade the payment of profits taxes imposed by Congress last September have been reported by internal revenue agents, who have been working quietly for the last two months checking up the manufacturers.

The extent of the attempted evasion thus far brought to the attention of the treasury totals more than \$10,000,000 approximately 40 per cent. of the returns voluntarily made. Indications are that the figure will go as high as \$12,000,000 or \$13,000,000.

Scores of the manufacturers of munitions are said to have attempted to defeat the full operation of the law by making only partial returns of their profits. Some of the largest concerns in the industry failed to make complete returns of profits, it is charged.

Under the law, munitions makers are requested to report to the commission internal revenue returns of profits each year and to pay the government a tax of 13 1/2 per cent. Practically all of the 488 to 769 manufacturers made their returns, apparently in conformance with the law, showing profits which approximate \$24,500,000 in taxes.

As a result of the investigation, returns to the government have been revised in many instances and will be in others, so that the total which the government will obtain in taxes will be at least \$25,000,000.

RELEASE COUNT PLUNKETT AND ALL SINN FEINERS.

DUBLIN, June 18.—Count Plunkett, member of Parliament and Sinn Fein, and the other members of the Sinn Fein who were arrested on June 1 when attempting to hold a prohibited meeting to protest against the imprisonment of Irish rebels, were released today.

Police Inspector Mills was killed during the disturbance incident to the measures taken to prevent the meeting.

Large crowds gathered in Dublin this morning to welcome the released Irish prisoners, all of whom, with the exception of Countess Markievicz, arrived at 3 o'clock. Men with banners escorted the former prisoners to their homes. There was much singing of Irish songs and a great deal of cheering, but there were no signs of war, as had been expected.

Countess Markievicz led a band of revolutionists which attempted to capture Dublin Castle, kill the guard. She was sentenced to death, but the sentence was commuted to penal servitude for life.

TAKE UNION JACK UP BUNKER HILL.
BOSTON, June 18.—The British Union Jack was taken up Bunker Hill for the first time today in a military and civic parade commemorating the historic battle between the American minute men and the English redcoats, 142 years ago. It fluttered at the head of the band of the New Brunswick Kilites Battalion, Two Hundred and Thirty-sixth Canadian Overseas Regiment, on its farewell appearance before returning home after a two weeks' recruiting campaign here.

and Days.The Special Inquiry Meeting
Comes Today.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 10.—There can be no appeal from the fine and suspension recently imposed on Manager McGraw of the New York Baseball Club by President Tamm, according to a ruling of the board of directors of the National League here today. As a result, the \$500 fine and the sixteen-day suspension inflicted on McGraw for his attack on Umpire Byron at Cincinnati June 8 stands, despite the protest and appeal filed by President Hempstead at the conference of his fellow-managers.

The members of the board went on record as approving the fine and suspension, and announced that McGraw's alleged statements reflecting upon the president of the league would be the subject of inquiry at a special meeting tomorrow.

OUMET WANTS TO
BE REAL AMATEUR.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 10.—At a special meeting of the Executive Committee of the United States Golf Association held here today, Francis Ouimet, former national amateur and open champion, and J. H. Sullivan, Jr., both members of the Woodland Golf Club of Auburn, Mass., appeared personally and applied for reinstatement as eligible amateurs. It was decided to defer action on the applications.

SCHULTE JOINS
THE PHILLIES.

(BY A. P. NIGHT WIRE.)
PHILADELPHIA, June 10.—Outfielder Frank Schulte was today secured by the Philadelphia Nationals from the Pittsburgh club by the waiver route. Schulte will report to the local club at once.

HEN BERRY CERTAINLY STARTED
SOMETHING SUNDAY AFTERNOON.

BY LEEFSON BOWEN.

HEN BERRY just naturally can't keep the spotlight from lighting on him. From the time he bought the Angels right down to the present moment he has been more or less the center of attraction.

The first thing that Hen did to get into the limelight was to burst out in all kinds of funny hats. No one specialist or other mildly demerit person ever dared appear in the kind of hats Hen used to pick out for himself.

Hen would show up in a new hat, always funnier than his predecessor, just as the public was getting used to the old one and in that way always had the people looking at him all the time.

When the hat-gag sort of died out Hen took to sitting in a box over on the third-base side, where the sun was good and strong. Whenever he felt that craving for publicity coming through his adipose Hen would remove his hat and the sun lighting on his dome made everybody wonder who was trying to shine a looking-glass in their eyes.

But Hen has been mainly sprung a new one this time. To haul off and fire a manager with no notice whatsoever is supposed to be a bad sport, but when that manager has been in his third year with the team, has won one pennant and has his team friends here, and they think he is a good fellow, it is a different matter.

You have to hand it to Hen. When he does something, he does it in great style. Hen's hats were never surpassed, the startling baldness of his head was never even approached, and his latest effort, firing the manager, was certainly reaching the league, make his previous exploits look like the work of a green press agent.

Hen's quarrel with Wolverton is something we know nothing about. The firing of Wolverton may have been a mistake, but it is not a mistake to keep him out of the game. He is not a knuck, but an appreciation. We are beginning to think that Bill Baker is a losing team to get the can, but when a manager has his team leading the race he is supposed to be sitting in a soft spot, so far as keeping on the payroll is concerned.

Wolverton is considering the possibility of making a full-time manager of his connection with Coast League baseball. Just what it will be, however, is not known. He is a good fellow, and he is a good manager, although he intimates he has some facts to set forth. It may be something sensational in the shape of a bomb, but it is not a bomb. He is a good fellow, and he is a good manager, although he intimates he has some facts to set forth.

There is a chance of something being started, as Wolverton is mad clean through over the way Berry has treated him.

"Berry is picturing himself as a very generous man in paying me full salary for the season," he explains. "He had no other alternative for I had an iron-clad contract. Things have not been pleasant around the office for a year and it was due to the fact that there was no money to run the office. I believe I made a world's record this season in putting the club on the field with no money. I have expended for the purchase of players. I take pride in pointing to the club's position in the race and have no apologies to offer of any kind."

"When the salary cut question came up, I was questioned by the players. He signed the agreement with Detroit and certainly should have given a term to the players. I take pride in pointing to the club's position in the race and have no apologies to offer of any kind."

"I don't know what kind of a claim I have on Oldham and Erickson," said Henry, "but I propose to find out."

Henry had a ticket for Chicago in his left hand, and it is likely that he will take a run to Detroit and find out for himself just how he stands. While he is East he will also get a line on some baseball talent that he can call on in case it is necessary to make changes.

"My ball players have been making more out of baseball than I have on my club," he says. "I have given a chance to make a deal for myself. I do not propose to weaken the club, and if any player is going to leave, I will let him go. I realize that if the team slumps I will be the goat, and I am willing to take the blame. I have fought for the club, and I will fight for it now. I will let the players know that I am not a knuck, but an appreciation."

THE CITY AND ENVIRONS.

Coloradoans to Meet.

The Colorado State Society will meet in the Fraternal Brotherhood Hall, No. 444 South Figueroa street, next Monday evening.

Geologists will Meet.

The geological section of the Loran Natural History Club will meet tonight at 8 o'clock. Many interesting received potatoes at yesterday's distribution.

Slits by Scholars.

"At the End of the Rainbow," a sketch portraying college life, will be presented this evening by the dramatic class of the Polytechnic Evening High School in the school auditorium. A silver collection will be taken, the proceeds to go to the Red Cross war fund.

Looking Ahead.

"Summer for Christmas" will be one of the subjects discussed at a meeting of the Graded Union of Sunday-school Workers, tomorrow, in Bessie Hall. The speaker will be taken, the proceeds to go to the Red Cross war fund.

For District Representation.

Councilman-elect Farmer last night addressed a meeting of the Los Angeles Advancement League at Forest Square apartments. He advocated a plan for district representation in the Council, the plan to be submitted to the people as a charter amendment, at the next municipal election. F. E. Purcell is president of the league and Fred Frank is secretary.

BONDS DONATED

TO RED CROSS.

(LOCAL CORRESPONDENCE.) SANTA MONICA, June 18.—With the Red Cross drive in the bay cities in full swing today, it was announced by G. B. Dickinson, chairman of the Finance Committee, today that \$100 in Liberty bonds have been donated to the \$10,000 fund required in this section.

In Santa Monica, the men of the committee, working as captains, under G. B. Dickinson, and the women under Mrs. D. G. Stephens, began their work today.

In Venice the work in going forward under Mayor J. J. Lewis, Carroll Daly, Andrew S. Lee and Mrs. W. T. Thornburg.

A house-to-house canvass will be made by the captains and their lieutenants.

WORK AT NIGHT ON IRRIGATION JOB.

(LOCAL CORRESPONDENCE.) LINDSAY, June 18.—Delays incident to a shortage of labor and heavy disturbances, which retarded work on the Lindsay-Strathmore irrigation district, will be more than compensated for during the remainder of this month. Searchlights have been installed on vital parts of the work in the district south of here, and during the next month work will be continued night and day. Two shifts will be worked during the heated period of the summer, the day crew working from 4 o'clock a.m. and the night shift going on at 7 o'clock p.m.

The Kennedy Construction Company officials, in charge of the main contract, predict that water will be turned on to all of the lands under the system by August 1.

FEDERAL FUNDS FOR FARM ADVISORS.

(LOCAL CORRESPONDENCE.) SAN LUIS OBISPO, June 18.—That a bill now awaiting the signature of President Wilson will provide funds for fifteen to twenty additional farm advisors, one of which may be placed in San Luis Obispo county, was announced in a letter received by the local Chamber of Commerce today from B. H. Crocker, State farm advisor leader. San Luis Obispo county has an active farm bureau, but no advisor.

MARRIED AT CALEXICO.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.) CALEXICO, June 18.—Ignacio Alcaraz, a member of the firm of Villaseca Bros., and Benitoa Angela Gallero, one of the most popular of the younger set of Mexicans, were married at noon today. The bride is the niece of Col. Rodolfo Gallero, who six years ago captured the city of Mexicali and was for two years president of the city. The young couple left immediately after the ceremony for an auto honeymoon trip to Los Angeles.

LIBERTY PLANS APPROVED.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.) CALEXICO, June 18.—A letter received this morning by H. L. Sherman, chairman of the library board, from Secretary James Bertram of the Carnegie Corporation, states that, with a minor change in the height of the basement ceiling, the plans for the Carnegie library of Calexico are approved and work may be started at once.

PIONEER WOMAN'S WILL UNDER FIRE.

REQUEST TO DEFUNCT SOCIETY IS BASIS OF ACTION.

Blood Heirs of the Deceased Woman's Husband Seek to Get Valuable Property, Including Finely-Developed Fruit Ranches in the Vicinity of Beaumont.

A suit was filed yesterday in Riverside county in an attempt to break the will of the late Mrs. Thomas J. Mullen, a pioneer resident of Beaumont. An estate valued at \$20,000 and consisting of property in Beaumont and vicinity, including highly-developed fruit ranches, is the subject of this litigation. The contest is made by blood heirs of the deceased woman's husband, who died about two years ago.

Mr. Mullen was one of the first pioneers in the Beaumont country to appreciate its possibilities as a great fruit center, and it was mainly through his efforts that experiments were carried on which resulted in that district becoming one of the important fruit centers of Southern California.

In the will of Mrs. Mullen, she bequeathed approximately \$19,000 worth of property to the "Estate and All Successors in Law of Thomas J. Mullen," and which, it is stated, has since gone out of existence. This bequest the heirs of Mr. Mullen will try to have set aside.

CONTRACTOR GIVEN MONTH'S EXTENSION.

(LOCAL CORRESPONDENCE.) PORTERVILLE, June 18.—To provide against all possibility of a failure of the water supply from the system of deep wells for the Terra Bella irrigation district, the officials of that district, who have purchased a tract of 480 acres of additional property along Deer Creek, all of it of proven water-bearing value.

W. A. Kramer, the chief contractor, has been granted an extension of thirty days from July 1 in which to complete the system. The irrigation of about 6000 acres of land. Failure to secure material from steel mills has been the chief cause of the delay.

LEAVES FOUND TO BE IN GOOD SHAPE.

(BY DIRECT WIRE-EXCLUSIVE DISPATCH.) EL CENTRO, June 18.—Manager of the irrigation district says there is no alarm felt for the protective leaves of the irrigation system by district officials. With Engineers Clark and Anderson he went over the leaves below the line Saturday and says he found them in good shape. "They are," he said, "being ruled and strengthened in spots where washing occurred last year. We have no fear from floods this season."

UNDELIVERED TELEGRAMS.

There are telegrams at the Western Union for Will Bryan, Miss Agnes, Richard Cooke, Martin Demuth, Miss Edna Fennell, Joseph Gould, W. A. Hawkins, H. B. Anderson, Ernestine M. de May, Antonio Lino, Mrs. S. Lene, C. Antonio Lino, Dave Miles, Mrs. H. A. McCutchen, Ernestine M. de May, Mrs. Sylvia Moore, Mrs. J. P. O'Neill, George Pratt, E. P. Sweeney, Miss Florence Small, Mrs. S. W. Sumner, Charles Arthur Torrance and R. E. Tolbert; Postal: H. P. Miller, Gilbert Montague, Mrs. Beatrice Morgan and Wong M. Gum (two).

BUSINESS BREVITIES.

FLYING START BY RED CROSS.

Fifth of Our Million Given on Week's First Night.

Hundred Thousand Dollars is from H. E. Huntington.

Shrine Minstrels Net Twelve Thousand for Cause.

Los Angeles got a flying start on Red Cross Week with a \$100,000 gift of subscriptions at the preliminary banquet last night. These came in ten minutes and from only seven subscribers. H. E. Huntington headed the list with \$100,000. The auspicious beginning is thought to assure getting the \$1,000,000 allotment for the city well ahead of schedule.

Seldom has there been a meeting in the Alexandria ball room which represented the wealth, enthusiasm and energy of that last night. Prominent bankers, manufacturers, merchants, professional men, real estate operators and leaders in many other lines were represented.

Citizens in the van of affairs backed up the assertion of Western Red Cross Commissioner John H. Miller, when he told the San Francisco business interests that we

MR. HUNTINGTON IS INDISPOSED.

Traction Magnate Affected by the Heat, but not Seriously So.

H. E. Huntington, whose gift of \$100,000 heads the list of Los Angeles subscriptions for Red Cross Week, could not be present at the Alexandria last night to hear the applause which greeted the announcement of his gift.

The traction magnate was indisposed because of the heat. It was announced, however, that the attack was slight and that no ill effects are anticipated.

United States, under government supervision, will spend the vast sum of money raised. Out of every dollar subscribed, at least 55 cents will go to its intended relief purposes. The reason for raising it by popular subscription instead of by taxation, bonds or similar measures is to keep the work that of citizens and not of nations. In concluding his plea, Mr. Miller declared he had never known Los Angeles to take a back seat in such work.

FOR CO-OPERATION.

Attorney Oscar Lawler made a brilliant plea for co-operation. He declared that today's war is a mere continuation of our progress in the history of the world. Liberty for the colonies; then for our oppressed at home; next for our neighboring countries and now for the

What To Do With That Lot

Improve it. Borrow the money from us. Live on it yourself, or rent it for an income. If you want to sell there is more demand for improved lots than for vacant ones. You can repay the loan in convenient monthly payments. Loans on real estate only.

State Mutual
Building & Loan Association
722 SOUTH SPRING ST.

half of the Red Cross week movement at the Trinity Auditorium at 4 o'clock.

His address, giving in detail his personal experience in the war zone, is expected to be a great factor in arousing enthusiasm for the great Red Cross drive in progress in Los Angeles this week. The meeting at the auditorium will open at 4 o'clock sharp.

TWO WEEKS.
PARADE ON FOURTH.
Citizens' Committee Endeavoring to Arrange for a Patriotic Column With Assistance of National Guard—Speakers to Be at One of Parks.

While there will be no concentrated celebration in Los Angeles of the Fourth of July, an effort will be made to have people living in all sections of the city arrange for community celebrations, and the Citizens' Committee has named J. S. Conwell, Rev. F. H. Brady, May W. Kinchen, W. M. Bowen and F.

would not take second place on the Coast. The northern community representatives had guaranteed \$1,000,000 and Mr. Miller on his own responsibility agreed that Los Angeles would do as much.

POINTED APPEAL.
Harry M. Haldeman, campaign manager, opened the meeting with pointed remarks. Every man in Los Angeles should be willing to give every cent over the amount which he needs for his actual living expenses when he takes into consideration that the men who enlist offer their lives for their country," he declared. "Our share in comparison to theirs is a small one."

"It is up to us whether this war shall finish soon in Europe, or whether it shall come to a final end on the shores and over the lands of this nation. We have got to back the Allies with all our might if we want to keep the fight far away."

In concluding his remarks, the speaker stated that the smaller southwestern communities were responding magnificently. In a day little San Jacinto subscribed \$1500; Bravely, in Imperial Valley, \$2500; Tucson, \$25,000 and so on through the list. He called attention to the \$1,000,000 given by Cleveland Dodge of New York and similar sums by many others.

FROM MR. MILLER.
John H. Miller, in charge of the subscription of all money to be secured west of the Mississippi and a member of the executive committee of the general war finance committee, told why Los Angeles should be glad to do its share. He explained in detail the proposed work of the Red Cross and declared that a large part of the first big donation would go for work right in our home mobilization camps.

Graphically he described the work of the Red Cross in the field. "A recovered soldier is worth three new men in the field," he declared.

Mr. Miller declared that some of the greatest financial reflexes of the

WANT TO RAISE LIGHT DEPOSIT.

Local Power Companies Seek Permission and Blame Floating People.

The Los Angeles Gas and Electric Corporation, the Southern California Edison Company and the Southern California Gas Company yesterday at San Francisco filed an application with the State Railroad Commission for authority to charge more than the present \$2.50 initial deposit for residential and domestic service. The companies contend that the "large percentage of shifting and transitory population" makes this necessary.

At the speaker's table at the Red Cross banquet last evening. Left to right, John J. Byrne, chairman of the Los Angeles chapter, American Red Cross; Arthur Lettis, team captain; Harry M. Haldeman, campaign manager; Ira E. Lute, executive secretary; Lyman L. Pierce, below is Potentate Robert Heffner, of Al Malakiah Temple, A.A.O.N.M.S., with check for \$12,000 realized for the Red Cross by the recent Shrine minstrels and sent to the organization yesterday.

world is the basis of this nation's entry into war.

Following this, Mr. Miller made an announcement of subscriptions already offered. He first named that of H. E. Huntington, for \$100,000, which brought a tremendous wave of applause. Arthur Lettis subscribed \$25,000, the Southern California Edison Company, \$25,000; the Pacific Mutual through President Cochran, \$25,000; Dan Murphy, \$10,000; John B. Miller, personally, \$10,000; and Isaac Milbank, \$5000.

Executive Secretary Ira E. Lute explained the details of the work of the fifteen teams, which are to gather the subscriptions. Each team made its selection of those to be canvassed on a list of 6000 well-to-do Los Angeles citizens. Today at 11:30 o'clock at the Alexandria, each team will make its report and the winning team will receive a banner. The banner will go to each day's winner and ultimately to the team bringing in the greatest number of subscriptions.

Robert Heffner, potentate Al Malakiah Temple, A.A.O.N.M.S., sent the Red Cross a \$12,000 check from the Shrine minstrel performance yesterday.

It was also unofficially announced that the money usually donated by the City Council for a general municipal celebration of the Fourth of July at Exposition Park will be given this year to the Red Cross fund. If the plan of the citizens' committee, which met yesterday afternoon, are carried out. The action was taken following an address by Councilman Covell, who stated that at this time when the people are called upon to make big financial sacrifices, they no doubt would rather have the Council make the donation to the Red Cross than for a celebration.

Rev. Charles Brent, Bishop of the Episcopal Diocese of the Philippines Islands, who has spent a long period on the battle front of France, will arrive in Los Angeles from Denver next Friday, to address a monster mass meeting on be-

SURE, you know them; the kind you carry around with your favorite Burley tobacco. You pour out of it for your pipe, or "roll your own."

There's never been anything like Burley tobacco has there; it's an all-bodied smoke, all right.

And have you smoked the new Burley cigarette—LUCKY STRIKE—the famous new cigarette made from toasted Burley tobacco. There's a new idea for you—toasted tobacco! It's the only big advance in cigarette making in 20 years.

Toasting the tobacco adds flavor and seals it in. It's the same principle as your familiar buttered toast, broiled steak, your roasted coffee. Flavor, flavor, flavor—think of it.

It's toasted

COUNTY HEADS DENY CHARGES.

Set Date to Hear Allegations of Willful Misconduct.

Court's Jurisdiction in Case Causes Argument.

Writ of Prohibition may Halt Deficit Investigation.

Supervisors Hamilton, Woodley and Norton and County Treasurer Hunt and County Auditor Lewis pleaded not guilty to charges of willful misconduct in office before Superior Judge Wilbur yesterday, and their trials were set for July 31. The charges grew out of the deficit of \$1,250,000 in the County Treasury.

Attorneys McCormick and Keetch

announced in behalf of County Treasurer Hunt that they will apply for a writ of prohibition on the ground that the court has no jurisdiction. They argued before the court that Mr. Hunt and Mr. Lewis should be heard before the Civil Service Commission, while the three Supervisors contend that the people should pass on the cases through the instrumentality of the recall.

The five cases will be tried separately. R. H. Norton leading off and being followed in the order named, by J. J. Hamilton, F. E. Woodley, Walter A. Lewis and John H. Hunt. It is problematical whether or not the cases will be tried on July 31, in view of the vacation period coming on in August, as well as because writs of prohibition will be applied for probably in all of the cases.

POKER AND FORGERY.

Winner in Game Alleged to Have Raised Loser's Check.

Not content with winning in a friendly poker game, K. J. Scavett also raised the check he received in payment for his winnings, according to testimony introduced in justice court yesterday, and was held to answer in the Superior Court on a charge of forgery. It is alleged he received a check from John E. Wallace of Lordsburg for \$7, and that he raised the check to \$17. His bail was fixed at \$1000.

TO BIND HOME GUARD UNITS.

Sheriff Plans to Form and Drill Regiment of Local Companies.

Steps to organize the several Home Guard companies in the county into a regiment were taken yesterday by Sheriff Cline. Home Guard companies now exist in Pomona, Glendora, Arroyo Seco, Azusa, Eagle Rock, Whittier, Casa Verdugo, Pasadena, Santa Monica, El Monte, Venice, Chatsworth, Lancaster, Chatsworth, Owensmouth and Lancaster.

The Sheriff swore the members of these companies into duty as deputy sheriffs. It is now intended to cement the organizations by creating a regiment to drill at certain scheduled dates. Several of the companies have purchased entire outfits of equipment.

WANT RULE FOR DODGER CASES.

Local Authorities Ask for Orders from Washington.

Shall Slackers Who Register After Arrest go Free?

Uniformity is Now Lacking in Enforcing the Law.

With a view to having uniformity characterize the treatment of all violators of the military registration law, United States District Attorney Schoonover has wired the Attorney General at Washington for instructions. So far there has been a diversity of action regarding the prosecution of "slackers."

A representative of Sheriff Cline called at the office of the United States District Attorney yesterday with a view to ascertaining the position of that official in regard to the question. It was stated the Sheriff had the names of a number of young men who had not registered. If they were arrested, it was asked, would they be prosecuted if they afterward expressed a willingness to register, or would they be allowed to go free, after arrest, provided they would comply with the registration law?

It has been the custom, so far, to allow those to go who after arrest, showed a disposition to comply with the law. This has been the rule in every case, except in that of George Anderson, the young colored man who was given three months in the County Jail and was then registered by Assistant Deputy United States Attorney Lawson. Charles Ducker was given one day in the County Jail, but he afterward registered and was released.

In every other instance, the record shows, persons charged with violating the registration law have been released from confinement upon agreeing to register. The McMillan brothers, brought here from Santa Barbara, were placed in the County Jail after agreeing to register; in fact, they wanted to register before leaving Santa Barbara, but were not allowed to do so, it being understood that such an act would not cure a violation of the law, although both defendants said they had never heard of the law and both had been rejected when they sought to enlist some time ago. They registered and were released.

It is thought that some general rule ought to be laid down by the department at Washington in regard to the treatment of "slackers," and the question settled once and for all.

CLUB CHARGES FAIL.

No Verification of Alleged Breaking of Liquor Law.

Charges against George Henderson and F. A. Rice, proprietors of the Cadillac Country Club, where negroes and whites mingle, were dismissed in Justice Brown's court yesterday. James of lack of verification. Harry Pruitt, No. 1020 Garfield avenue, Pasadena, testified he had been served liquor after the closing hour, but no witnesses substantiated his testimony.

FOR JURY SERVICE.

A panel of seventy-five names for service as term trial jurors in United States District Judge Trippett's court will be drawn this morning. Names for the grand jury, and for the term trial jury in Judge Bledsoe's department will not be drawn until later on.

MAKES A TORCH OF HER BODY.

Woman Saturates Clothes and Skin with Gasoline and Sets Match to It.

With teary eyes and uncertain step, Mrs. Counce Kline stumbled down the back stairs of her home at No. 425 Ord street early yesterday morning, to a violent and painful death. She poured three gallons of gasoline on her body, saturated her hair, thoroughly wetted her face and arms with the liquid, and then touched a match to herself.

A big, white flash was the result and, screaming in agony, she rolled upon the ground in a vain endeavor to avoid the death she had prepared for herself.

According to Mrs. Aurelio Cervantes, a neighbor, Mrs. Kline, who was but 33 years old, cried all Sunday night and yesterday morning because her husband had left her.

She was given emergency treatment at the Receiving Hospital by Police Surgeon Zorb and later removed to the County Hospital, where she died within an hour.

Campaign.

TO END SHOPLIFTING.

Effort to Secure Maximum Penalty for all Such Offenses is Begun by Retail Merchants—Two Women Arrested—Deny They're Guilty.

As a final step in the campaign against shoplifters in Los Angeles, the Retail Dry Goods Dealers' Association yesterday instituted proceedings to secure the maximum penalty for all shoplifters convicted in this city. The work of detecting the criminals and of bringing them to justice will be carried out by the Nick Harris Detective Agency.

ONE LOST LAVALLIERE AND THE OTHER DIAMONDS AND MONEY.

Mrs. H. W. Hoagland of No. 6642 De Longpre avenue yesterday afternoon reported to the police the theft of her \$500 pearl lavalliere while she and her husband were bathing in the Los Angeles River, one and one-half miles north of Universal City.

O. H. Benner of No. 2015 Baldwin street went swimming at Venice Sunday, and while he was in the water someone forced the door of his locker in the bath-house and removed from the container \$1000 in diamonds and \$65 in cash.

WILL ASK MORE MONEY.

Announcement was made yesterday by Chairman Brown of the Home Garden Committee that a request will be made this week of the Council for an appropriation of \$1000. He said the money is badly needed, and that the new Council will also be asked every once in a while for money.

ELECTION DATE FIXED.

The Council yesterday fixed July 24 as the date for the proposed special election in the West Adams district upon the question of annexation to Los Angeles. The district is just west of the western boundaries of the city, and contains more than 1200 acres.

DOPE.

PENALTY OF POPPY.

Once Well-to-do Chinaman, Fearful of Imaginary Fox, Imprisoned for Observation—Became a Slave of Opium When Fortunes Turned.

Wong Kone, 55 years old, for weeks has been sinking fearfully through the alleys and the narrow streets of Chinatown. Yesterday he was taken to the Receiving Hospital by Police Sergeant Jarvis, and later sent to the County Hospital psychopathic ward for observation.

According to the story told by local Chinese, twenty years ago Wong was a well-to-do merchant and had amassed a considerable fortune. Then trouble followed wherever he went and, as a means of forgetfulness, he took to inhaling the fumes of the poppy.

For years he has been an addict and now has dissipated his riches. Yesterday his total funds consisted of one \$10 bill and one \$10 gold piece. He was threatening to shoot anyone who went near him, early yesterday morning, when Sgt. Jarvis arrested him.

ON MURDER CHARGE.

MRS. PICO ACQUITTED ON THE FIRST BALLOT.

Her husband was charged jointly with Richard Paaske with the murder of her husband, was acquitted by a jury in the Santa Barbara Superior Court late yesterday afternoon. The verdict of acquittal was returned on the first ballot, taken without any discussion among the jury as to the merits of the case.

Mrs. Pico broke down on hearing the foreman read the words that dissipated the penitentiary shadows which have rested about her since her arrest at Mondo Station, March 17, seven days after her husband's body had been hurled from a bluff into the ocean by Richard Paaske.

WHY SNIVELY WAS LET OUT.

Mayor Couldn't Get in Close Touch with Him.

Didn't Hold Him to Blame for Grave Conditions.

Jury Tampering Hint in Suit Against "Record."

The Record machine, which skidded on the first day of the trial of the \$150,000 libel suit of C. E. Snively, former Chief of Police, against the Record Publishing Company, and went into the road on the second day, metaphorically speaking, got back on the legal highway yesterday, but did not show much speed. E. E. McDowell, cartoonist for the Record, whose investigations of alleged police conditions led to the article and cartoon on which Mr. Snively sued, recited several instances of alleged misconduct on the part of several policemen.

But in interviewing Chief Snively he admitted he did not tell him the names of these policemen so that the Chief could clean out the department. H. J. Wambold, secretary to Chief Butler, apparently did not add to the charge that Chief Snively failed to turn over money received from gun permits. Mr. Wambold went into office a week after Mr. Snively resigned.

Mayor Woodman made a good witness for Mr. Snively, although called by the Record's attorneys. He said he did not let out Mr. Snively because of the dismissal of 100 special cafe policemen. He stated he was dismissed for the good of the service; conditions had grown up in the department that needed remedy; he did not believe Mr. Snively was responsible for them under the circumstances.

The main reason was that the Mayor did not feel he could get into close personal touch with Chief Snively, while he felt he could reach this state in the case of Chief Butler.

The case will be resumed today. Two incidents relieved the day. One was the report of Jurors J. H. Hensett and Frank P. Wilson that they had been approached by a man seeking their names for a new city directory, and how this man veered around to the Snively libel suit. Judge Wilbur relieved the matter until afternoon, when attorneys Morgan and Perry, representing the parties to the action, decided that the incident could drop.

The other matter was when Judge Wilbur caught Mr. J. Bedall smoking in the courtroom. He ordered him forward and fined him \$5. Mr. Bedall, a court reporter, explained he forgot. He said he was interested in the cross-examination and smoked involuntarily.

COMPLAINTS AGAINST CORONER TO BE HEARD TODAY.

Supervisors will be Asked for Rule that Bodies that Come Under Jurisdiction of that Official Shall go to Funeral Companies in Alphabetical Order.

Representatives of practically all the undertaking establishments of Los Angeles will attend a meeting of the Board of Supervisors this morning at 9:30 o'clock, when that body is to consider complaints alleging discrimination on the part of the coroner in the disposition of bodies coming under his charge. The undertakers will urge that the county adopt a plan of sending these bodies to the various undertaking establishments in alphabetical order. They will have present as their legal representatives Griffith Jones and Warren Williams.

Representatives of about forty undertakers concerned met last night at the office of Robert Sharp & Co., coroner. Harwell had been invited to present and discuss the subject and also to refute charges made against him, if he so desired. He did not appear. After ample time had been given, he was called on the telephone and asked to attend the meeting. He declined, it is said, stating he did not propose to discuss the subjects under consideration.

The undertakers then held a spirited session in which various matters pertaining to the coroner's office were discussed, and a resolution advocating the rule of sending bodies to the undertakers in alphabetical order was adopted.

LIBERTY LOAN LABORS ENDED.

Local Headquarters' Doors are Closed; no Further Revision of Totals.

The local headquarters of the Liberty Loan Committee at Fourth and Spring streets were closed at noon yesterday. The offices were open in the morning for the final checking in of expenses and the winding up of what detail work remained. No further revisions of subscription totals for Southern California will be made, said R. H. Moulton, chairman of the Headquarters Committee, and the figures that were announced several days ago will remain the official statement.

As the service of the sixty-old bond salesmen, who aided so efficiently in the drive for money, were donated gratis to the government, the Treasury Department of the United States will have to pay only the actual expenses of the local committee.

If there are any corrections in the report from this district they will be contained in the official statement of the Federal reserve bank of the Twelfth District in San Francisco. An effort will be made to learn the number of individuals who bought Liberty Loan bonds and this information will be given out later.

Final tabulation yesterday covering subscriptions of employees of the Pacific Electric to the Liberty Loan shows that 2088 employees of the company subscribed a total of \$159,700. This was the largest subscription made in Southern California by employees of any single company.

PREPAREDNESS.

UNDERTAKERS ALL READY FOR QUIZ.

COMPLAINTS AGAINST CORONER TO BE HEARD TODAY.

Supervisors will be Asked for Rule that Bodies that Come Under Jurisdiction of that Official Shall go to Funeral Companies in Alphabetical Order.

PUTTING CHILL IN THE MELON.

Eighty-four Million Pounds of Ice Needed for Crop of—Imperial.

BRATTLE, June 18.—A feature of the heavy shipments of cantaloupes and watermelons from Imperial Valley is the immense tonnage of ice required, and the ingenious devices required for icing the cars.

During the past week an average of forty-five cars per day of cantaloupes was sent out from valley cities. One hundred cars of melons require 700 tons of ice, and 1000 cars of cantaloupes will take 7000 tons of ice.

If the harvest of melons this year reaches 6000 cars, which is quite possible, it means that 42,000 tons of ice will be utilized in making the first chill in the melon that gives it the taste for which easterners pay such good prices. The ice weight for the season, then, will be \$4,000,000 pounds.

Encouraging.

LARGEST CLASS IN GLENDALE SCHOOL.

GRADUATION EXERCISES WILL BE HELD THURSDAY.

Judge Bledsoe to be the Orator and Will Make Presentation of Diplomas—Class Includes Special Programme of Music.

Two of the graduates are now with the armed forces of the country. William C. Dreyer having joined the navy, and Walter B. Hawkins being with the aviation corps at Ft. Houston. Tex. Bawon Selwyn, who was sent here from Burma by an oil company to obtain an education, also is among the graduates.

"I Recommend to All Who Wish to Reduce"

Says Arbolons Tablets "Is the Best Remedy I Ever Came Across."

Tells Reason for Successful Obesity Treatment to Thousands.

One of the biggest advertising experts in New York City stated in a letter that his wife had greatly reduced her weight and improved her health, and if it were not for fear of undesirable notoriety she would gladly tell the whole world about its great blessings. For Tablets Arbolons has proved itself a real blessing to thousands of suffering fat people. L. M. Hansen, 1917 Master St. Philadelphia, Pa., writes:

"I have taken 3 pkgs. of Arbolons Tablets, which have reduced me 20 pounds, and it is the best remedy I ever came across. I recommend to all who wish to reduce, etc."

Arbolons Tablets is the only treatment that stops the craving for sweet foods, overcomes perverted appetite, eliminates fatty elements and dissolves fat from the body safely, surely and reasonably prompt. One or two packages will convince anyone that Arbolons is a real reducer. Sold by thirty thousand druggists in sealed tubes with full directions.

Preserves the skin and complexion indefinitely. Retains the Beauty of Youth when youth is but a memory. Your experience will always be the wonder of your friends if you use

THROWS LIGHT OVER THE SEA.

Revolving Illuminated Cross Tells Glad Message.

Impressive Services Held in Long Beach Church.

Whale Hide is Found to be a Leather Substitute.

LONG BEACH, June 18.—Southern California's second revolving illuminated cross was tonight dedicated at the First Methodist Church, Fifth street and Pacific avenue, with impressive services. Rev. Charles E. Locke, D.D., of Los Angeles, presided.

The cross at night will be valuable as a guide for mariners, and will take its place as one of the most brilliant landmarks on the California coast.

Methodist clergymen from all parts of Southern California were present at the dedication services tonight, following their final business session of the year at the church this afternoon. Among other matters that were acted upon by the ministers was the arrangements for their annual vacations.

In addition to dedicating the revolving cross, the First Methodist Church congregation tonight participated in the different methods of raising the \$20,000 church debt in the form of a mortgage, which was burned.

Among the former pastors of the church who were present were Dean Ezra H. Healy of the University of Southern California theological school; District Superintendent Henry I. Rasmus, D.D., Wesley Beane, Rev. Will A. Betts and Rev. A. W. Adkins.

WHOLE HIDE FOR SHOES.

That the hide of whales, which each winter gather in great schools off the Southern California coast, can successfully be used for shoe leather and curb the rising cost of that commodity, was the announcement today of Capt. John D. Loop, veteran whale hunter, who has been experimenting on the tanning of the leviathan skin for several weeks.

Capt. Loop produced a piece of tough and pliable strip of whale leather to prove his assertion. He said there undoubtedly would be a market for the product, and he hopes to perfect a rapid process for the tanning of the hides by next fall, when the whales commence to take up their winter abode in southern waters.

SMOKERS' FAST DAY.

Dr. O. H. L. Mason of the Calvary Presbyterian Church, today proposed a national smokers' fast day, the proceeds to go to the Red Cross.

"It would be a great thing for the country if the people of the United States could patriotically dedicate one day of sacrifice in the way of smoking to the nation's cause," declared Dr. Mason.

"It wouldn't do the smoker any great damage to substitute rest and meditation for the weed for just one day, and those who couldn't stop for a day could at least donate for the sake of Old Glory a sum equal to that they spend for a day's consumption of tobacco."

DROWNED IN TEXAS.

The body of Ronald Black, 27 years old, son of Mrs. D. Black of No. 1643 West Thirty-ninth place, Los Angeles, but formerly of this city, will be brought to this city for burial. Young Black was drowned in an El Paso (Tex.) reservoir, Saturday, May 12, while en route to El Paso by a railway mail clerk, running from El Paso to Tucson, Ariz.

Make your reservation at the Redside Terrace Apartment Hotel, 1641 Ocean Front, Santa Monica, Cal.—[Advertisement.]

PASS EXAMINATIONS.

SAN LUIS OBISPO, June 18.—Five out of eight applicants for teachers' certificates successfully passed the examinations of the County Board of Education today. Successful ones are Florence Knight, Margaret Shippey, Lena E. Jensen, Lavelle Spence and Marguerite Dart, all of San Luis Obispo.

TEMPLE BAPTISTS TOUR VALLEY.

GLENDAL, June 18.—Between 200 and 300 men and boys from the Temple Baptist Church, Los Angeles, made a tour of San Fernando Valley Saturday under the chaperonage of Attorney Mattison E. Jones of Glendale, and were the guests of Glendale for a few hours in the afternoon.

Included in the outing were Chief of Police Butler and Dr. J. Whitcomb Brougher. They visited Van Nuys, Universal City, Lancaster and Burbank.

Mayor Thompson welcomed the party at the City Hall, and Leonard Wilson responded in behalf of the party. The city of Glendale was also represented by Recorder F. H. Lowe, and a committee consisting of John Robert White, C. L. Peckham and C. L. Chandler, vice-president of the Chamber of Commerce. Coronado was served by Mrs. John Robert White and Mrs. C. L. Chandler.

In ocean or bay you may take a refreshing dip at Coronado Beach. Water just right temperature now.—[Advertisement.]

GETTING READING FOR NEXT AFFAIR.

HERMOSA TURNS ATTENTION TO FOURTH OF JULY.

The Beach City, Having Just Entered the Biggest Crowd in Its History, is Looking Forward to Accommodating Even a Larger Throng Next Month.

HERMOSA BEACH, June 18.—Sunday's crop of visitors was the largest for one day for Hermosa Beach. For the crowd July 4 last was not up to the influx of people, old and young, that chose this popular beach for a day of relief from the torrid heat of the city. The Pacific Electric kept up a three-coach train all day to accommodate the immense traffic.

As for automobiles, parking space at Hermosa was at a premium. First avenue and all intersecting avenues were blocked with autos. Some came the night before and camped near the beach, on the beach and every other available spot.

If Sunday's crowd was a record-breaker for Hermosa Beach, it is predicted that on July 4 next the crowd will be a "hum-dinger," for there's going to be "something doing every minute" on that day, judging by the programme that is being prepared by the Chamber of Commerce and the City Trustees.

Work has already been commenced on the new Plaza, which is a feature in itself, as there is nothing like it on the coast. It will be covered with canvas and used for dancing, roller-skating and concerts, all free for the benefit and amusement of the thousands of visitors that are expected here during the next two or three months. Bungalows and apartment-houses are filling up rapidly, which indicates a prosperous season for this well-known resort.

As for the new harbor that is going in at Redondo Beach, Hermosa expects to reap nearly as much benefit as the former city, inasmuch as it will become a popular residence district.

INQUIRE INTO CITY'S MORALS.

Venice Trustees Authorize a Full Investigation.

One Cafe Proprietor Called Before the Board.

Must Show Cause Why License be not Revoked.

VENICE, June 18.—The management of one cafe here was notified today by the Board of Trustees to show cause why its liquor license should not be revoked and Chief of Police Reynolds was given full authority to continue his investigation of the moral conditions here.

The Model cafe, located near the Plaza, was notified that the chief had recommended that the license be revoked. The notice came as the result of an investigation on the part of the chief. He employed two couples to visit all cafes in Venice and to report. The reports were not filed with the Trustees, but the chief merely recommended that the license be revoked.

Mayor J. J. Lewis and the chief were appointed to name a date for a public hearing of charges filed against the cafe.

MAN DISAPPEARS.

An appeal has been made to the police by Mrs. J. E. Williams to find her husband, the Brookside apartments. Mrs. Williams said to have taken her family to dinner Sunday evening, but had not been seen since that morning. Mrs. Williams said that her husband had been despondent, but appeared to be in a cheerful frame of mind when he was last seen.

MAN DISAPPEARS.

SPEED OFFICER IS VICTIM OF CHASE.

RAKERSFIELD, June 18.—Frank Sparks, 34 years old, married, motorcycle police officer, died last evening following injuries sustained when his machine collided head-on with a street car while Sparks was chasing speeding autoists. He was operated on but the ribs had punctured the intestines in many places and there was no hope of saving his life.

Hotel del Coronado extends a hearty welcome to visitors to Friendship Fiesta, June 22-24.—[Advertisement.]

LOWEST BANK RESERVES MAKE PRICES IRREGULAR.

Quotations Sag on Reports that the Government had Forced a Deep Cut in Prices of Fabricated Steel for War Contracts—Improvement in the Russian Situation Strengthens Rubles—Liberty Bonds Above Par.

NEW YORK, June 18.—With bank reserves at the lowest level of the year and a consequent rise in the money rate, today's stock market continued its recent irregularity with heavy losses. Lowest prices were established in the last hour on reports that the administration had forced a drastic cut in prices of fabricated steel for government contracts.

The entire steel group and allied industries were under pressure all day from the outside. United States Steel, which had been a steady performer, closed at 127 1/2. Bethlehem Steel, which had been a steady performer, closed at 127 1/2. Carnegie Steel, which had been a steady performer, closed at 127 1/2.

Shipments sold in common with the general list and metals all. Central Leather and sugars suffered impairment of 3 to 5 points. During the morning, market activity was observed in metals and allied issues, but all the advances in that quarter were quickly wiped out.

Grains dragged throughout the session except for temporary advances in Delaware and Hudson and North and Western. Union Pacific, New York Central, Louisville and Nashville and all the coals yielded 3 to 5 points, with no appreciable rally.

Total sales, 753,000 shares. The improvement reported in the Russian situation imparted some buoyancy to rubles and Russian bonds, but resistance to Rome was increasingly heavy.

Bonds were exceptionally lower, including international, which made a large part of the day's restricted movements. Mexican dollar government bonds steady; railroad bonds easy.

LONDON MONEY MARKET. (By Atlantic Cable and A. P.) LONDON, June 18.—Bar silver, 24 1/2 per ounce.

STOCK QUOTATIONS IN NEW YORK. (Continued from page 1.)

Table with multiple columns listing stock prices for various companies including American, Union Pacific, and others.

THE METAL MARKET: LEAD, COPPER, ETC.

NEW YORK, June 18.—Metal prices were quoted on the Metal Exchange today. Spelter, 8.50 bid today, 9.50 bid Saturday. Quicksilver, 8.00 bid today, 9.00 bid Saturday.

QUICKSILVER. (By Direct Wire-Exclusive Dispatch.) NEW YORK BUREAU OF THE TIMES, June 18.—Quicksilver: The price closed last week at \$8.00 per 100 pounds, 60 cents per unit, 15.00 per unit, 8.75 to 10.00 per unit.

LEAD AND COPPER. (By A. P. Day Wire.) NEW YORK, June 18.—The Metal Exchange quotes lead quiet; spot, 11 1/2 @ 12 1/2. Spelter, 8 1/2 @ 9 1/2.

CALIFORNIA DRIED FRUIT. (By A. P. Night Wire.) NEW YORK, June 18.—Reported apples dull; fancy, 12 1/2 @ 13 1/2; choice, 11 1/2 @ 12 1/2.

TURPENTINE AND ROSIN. (By A. P. Night Wire.) NEW YORK, June 18.—Turpentine steady, 8 1/2 @ 9 1/2; sales, 25; receipts, 85; shipments, 45; stock, 15,000.

FINANCIAL. RANGE OF STOCK PRICES IN BOSTON.

NEW YORK, June 18.—Following are closing quotations: (Published by A. H. Gray & Co., No. 119 West Fourth Street, Los Angeles.)

Barish. PRICES DECLINE ON LOCAL EXCHANGE. UNION OIL LOSSES SEVERAL POINTS.

General Petroleum is Steady. Home Telephone Stocks in Demand. A Health Inquiry for United Eastern—Tom Reed Continues Slump—Merger Rumors.

Generally weaker prices were the chief feature of importance at yesterday's session of the Los Angeles Stock Exchange. Oil and mining stocks were the main feature.

Tom Reed's slump was a logical consequence of the fact that the preferred changing hands at \$5.00 and the common at \$2.00.

In the metals group United Eastern was strong and there was exceptional activity in the market.

There has been a quarrel between the directors and the stockholders of this is the reason the stock has declined so radically during the past few weeks.

NEW HIGH RECORDS ARE AGAIN SCORED. MARCH AND MAY DELIVERIES LEAD THE ADVANCE.

Rise is Attributed to Reports of Unsatisfactory Condition of the Crop, the Sensationally Firm Showing of Liverpool and Continued Strength of Goods.

NEW YORK BUREAU OF THE TIMES, June 18.—New high records were again made in the New York cotton exchange today. March contracts touched 28 cents, while May deliveries sold up to 23 1/2 cents.

Stock quotations. (As posted at the Los Angeles Stock Exchange, 111 W. Main Street.)

LOCAL CLOSING. STOCK QUOTATIONS. (Continued from page 1.)

Grain. BIG EXPORT SURPLUS SENDS WHEAT DOWN.

NET INCREASE OF 150,000,000 BUSHELS IS INDICATED. Fact that New Crop has Reached St. Louis and that Harvesting is Expected to Begin in Kansas Within Ten Days Seems to Offset Prospect of Shortage.

CHICAGO, June 18.—Wheat dropped decidedly in value today, influenced to a considerable extent by estimates that North America and Argentina would have a net increase of 150,000,000 bushels in the exportable surplus this season as compared with last year.

The fact that new wheat had reached St. Louis and that harvesting was expected to begin in Kansas within ten days or fortnight seemed to offset completely a view of falling off in the United States visible supply.

Wheat, July, 2.11 1/2; September, 1.85; Corn, July, 1.53 1/2; September, 1.40 1/2; Oats, July, 1.33 1/2; September, 1.20 1/2.

SEEK TO OUST OIL CONCERNS.

Federal Agents File Another Withdrawal Case.

Standard Involved in Ground Worth a Fortune.

"Innocent Purchaser" Gives Closing Evidence.

Another of the series of "withdrawal" oil cases was filed in the United States District Court, yesterday, by the Federal government against the Brookshire Oil Company, the San Francisco Midway Oil Company and the Standard Oil Company, involving the southwest quarter of section 24, township 31, south, range 23, east. Its alleged value is \$400,000.

The defendants are said to have gone on the land in question subsequent to the withdrawal order of President Taft in 1909. It is charged that no oil was discovered at that time and that all development occurred after the land had been withdrawn from public entry.

The court is asked to declare the decrees withdrawing the land null and void; that the defendants be barred from any title; that an accounting be had, and that a receiver be appointed.

Thomas K. Kane, an attorney, and one of the "innocent purchasers" of a tract included in the suit brought by the government against the Southern Pacific Railroad Company, in what are known as the "Kane" cases, testified in Judge Bledsoe's court yesterday.

In 1908 a client owned Mr. Kane a \$1000 fee. The client had no money, but possessed 200 acres of land in Kern county, near the Sunset field. In order to pay the fee Mr. Kane says he was compelled to take the land at an average price of \$10 an acre. For the property, he testified, he received \$2000 a year annual rent as pasture. He claims he never saw any indication of oil on the ground, but never viewed the property at all until about four years ago, when he went up to Kern county to inspect the "Kane" tract. The Kane tract is located in the vicinity of flowing wells, but never has been developed.

Chas. Lewis, one of the Southern Pacific Railroad, filed a statement covering the townsite of Taft, located on the land originally sold to his client. All lots in the town now either have been sold or leased by the railroad company.

With the testimony of H. M. Shreve, a banker of Tulare, and president of the Tulare and Kern county company, the evidence in behalf of the government will close today.

Conflict.

FIRST BLOOD IS HIS.

Judge Sustains de Baker Heir's Decision to Wife's Divorce Action.

Naming William de Baker as Heir—Government May Compulsory Pay Alimony.

Robert L. Coutts' demurrer to the divorce suit of Sue V. Coutts, in which he is charged with misconduct in connection with Ollie Barhydt and Mrs. N. L. Johnston, was sustained by Superior Judge Wood in alimony proceedings yesterday.

With leave to answer the demurrer, the case will be set for trial on June 15, at 10 o'clock a. m. Mr. Coutts was ordered to pay his wife \$100 a month temporary alimony, and also ordered not to dispose of any of his large property holdings, pending the trial of the suit.

MINISTERS MEET.

Christian Association Elects New Officers.

The Christian Ministers' Association of Los Angeles met yesterday in the Broadway Christian Church and more than 100 ministers and their wives were in attendance.

Officers for the ensuing year were elected as follows: President, Rev. Dan Truitt; pastor, Rev. O. C. Brown; vice-president, Rev. Bruce Brown; secretary, Rev. J. H. Brown; treasurer, Rev. J. H. Brown; and clerk, Rev. J. H. Brown.

The new officers were elected at a special place will be given on the program for ministers' wives. At yesterday's meeting the principal features were an address by Rev. W. H. Bagby on "The Ministerial Dead End," and an illustrated lecture by Dr. Dana Bartlett on "Our Immigration Problem."

He predicted that after the close of the war immigrants will be coming to Los Angeles and Southern California at the rate of 25,000 a year, and that there will be a large number of soldiers killed in the European war, but who have relatives here.

HUNGER BETRAYED.

Missing Girl Found Seeking Some One to Feed Her.

Doris Carter, 17 years old, who climbed over the high-walled fence at the Juvenile Home in Bakersfield and escaped, was found yesterday wandering around the Southern Pacific station in search of someone to purchase a meal for her. She was taken to the Juvenile Home. This is the first time the attention of Deputy Sheriff Fox and Nolan, who were watching at the station for a fugitive.

CHANCE TO DO "BIT" ON FARM.

Secretary of Labor Wants Volunteers to Help Feed the Nation.

Immigration Inspector Connell yesterday received a supply of registry blanks to be filled out by able-bodied men and boys who would do their "bit" for the country on the farms. These blanks may be filled out and returned to the postoffice in Los Angeles or sent direct to the Department of Labor, Washington, D. C.

The appeal of the Secretary of Labor says: "Does your boy want to help? Let him join the United States Boys' Working Reserve. Your country school superintendent has an application blank and official badge ready for him. You cannot do a greater or more patriotic service, but do it now. The government must know at once upon whom it can rely to help to feed the nation. Your country needs you. Will you serve it on the farms?"

Received.

VETERAN TO TAKE SAD TRIP EAST.

GEN. SPITZER, U.S.A. RETIRED, WILL BURY WIFE.

Body Will Remain in Vault Temporarily—Deceased a Victim of Heart Trouble at Very Time She Was Rejoicing Over Mate's Improving Condition.

Funeral services for Mrs. C. M. Spitzer, 54 years old, wife of Gen. C. M. Spitzer, U.S.A. (retired), will be held at her home, No. 210 South Andrews boulevard yesterday morning, have not yet been completed.

However, it is probable the body will be held in state at the residence for several days until arrangements can be made to place it in a vault in the city. When Gen. Spitzer's physical condition allows, he will accompany the body to their home in Toledo, O., where funeral services will be held and the remains interred.

Gen. Spitzer, who has recuperated to a marked degree from a recent operation, did not suffer a relapse of the sudden death of his wife. His condition changed considerably as a result of the shock, but is now normal, and physicians say he soon will be in condition to accompany the body of his wife to Toledo.

Mrs. Spitzer was in good spirits up to the sudden death of her husband, and was rejoicing over the improving condition of her husband when heart trouble summoned her.

LIKES ATLANTA BEST.

Dr. John Grant Lyman Wants to Serve Additional Fifteen Months in Federal Prison in Discharge of Duty.

There are prisons and again there are prisons, in the opinion of Dr. John Grant Lyman, the local promoter, who in August will complete a fifteen months' term in the Federal prison at Atlanta, Ga., for using the mails in a scheme to defraud.

Lyman was at liberty for a time on bail, pending final decision in the case, following the conviction before United States District Judge Olin Wellborn here. Later on the judgment of the lower court was affirmed by the United States Circuit Court of Appeals. This mandate has since been received here.

With another month's imprisonment on this conviction ahead of him, Lyman is trying to have the place of his confinement designated as Atlanta. He has become acquainted there, and really likes the place. When Lyman was at the Federal prison at Atlanta, he claimed that the chill airs blowing from the ocean were not good for his health.

Under the law the Attorney-General has authority to designate where a man may be confined, and it is understood the United States District Attorney Schooner will urge compliance with the request of Lyman to be confined at Atlanta. The expense of taking Lyman from Atlanta to McNeil's Island, about \$500.

Strong!

CHARGE BLACKMAIL.

Man, Advanced from Driver to Butcher, Alleged by Employer to Have Poised as Federal Official in Effort to "Bleed" Him.

A. O. Whitfield was arrested by United States Commissioner Hammack yesterday on a charge of impersonating a Federal officer. His bond was fixed at \$1000, and in default he was sent to the County Jail. He will have his preliminary hearing this morning. The indictment in the case is H. A. Keene of the Keene Butcher Company of this city, who claims that he has been blackmailed by Whitfield. The latter was a driver for the concern, and went to Keene, it is alleged, and threatened to make certain disclosures concerning Keene's past life if he did not give him a better job. His salary was then advanced to \$15 a week, it is claimed, and later on he was made a butcher cut at \$20 a week.

But this did not satisfy Whitfield, it is alleged, so he told Keene that he was a Federal officer, and that he had been arrested for impersonating a Federal officer. He threatened to make certain disclosures concerning Keene's past life if he did not give him a better job. His salary was then advanced to \$15 a week, it is claimed, and later on he was made a butcher cut at \$20 a week.

ANNOUNCE EXAMINATIONS.

The following civil service examinations have been set by Secretary of the Federal Civil Service Commission: Telephone operators for the departmental service, July 11; milk inspectors, Department of Agriculture, July 17; auditors and book-keepers, for the radio department, July 23. An examination for the position of radio operator will be held also, but the date is not yet known.

Serves the Whole Family.

The fame of Chamberlain's Cough Remedy is world wide. It is good for the deep-seated cough of the adult and the croup and whooping cough of the children. The same bottle serves the whole family.—Advertisement.

ILL, STARVING, WOMAN FAINTS.

One Raw Potato is Her Only Food in Four Days.

Goes to Ask Lawyer's Aid in Fighting Divorce Suit.

Falls on Floor and is Sent to County Hospital.

The malady of Mrs. Minnie Lettner, 42 years old, who fainted yesterday in the office of Deputy City Prosecutor Hill, was diagnosed as starvation. She walked far from her home to plead with Mr. Hill that she would, free of charge, represent her in divorce action filed against her by her husband, from whom she was separated two years ago. When, however, she informed surgeons at the Receiving Hospital that she had eaten only a raw potato last Friday and that because of poverty had eaten nothing since, she was sent to the County Hospital.

Mrs. Lettner told a pitiful tale of misfortunes dating from the time she married George Lettner, a railroad man. The story included sickness lasting over years and led finally to the separation, when, she said, her husband gave her the household goods and a check for \$25.

After some time during which she lived with relatives and worked as a domestic, she fell ill and was sent to the hospital. Her husband, Judge Craig, who heard the case, ordered Mr. Lettner to pay for the medical expenses of his wife. For some months, she told the doctors yesterday, he kept up the payments, but they were not so regular as she needed. She paid \$2 of it for rent, \$1 for medicine and used the other \$2 to buy food.

Yesterday, though weak from a term of insufficient nourishment and from the enforced fast since Friday, she went to the County Hospital and told him her story, and of the divorce suit her husband had filed. Mr. Lettner, who denied, now living at Colton. When she finished the recital she swooned.

Held.

PASTOR MUST ANSWER.

Venice Minister Will Stand Trial on Charge of Having Set Fire to Home of an Attorney—Another Similar Case Aroused Suspicion.

Rev. William Green of Venice was held for trial in the Superior Court yesterday on a charge of having set fire to the home of Attorney Kenton Miller, No. 1302 Gramercy place, on June 13. He was caught by Watchman R. Mertz while fleeing from the house. Directly afterwards, the fire developed. M. J. Monette, a banker, who said he saw Mertz carrying Green.

The hearing developed the fact that Attorney Miller had become trustee for Green's two daughters, who owned the Ripplap apartments, in Venice. Shortly after the trustee-ship obtained, it is alleged, the disastrous fire that destroyed the apartment building occurred. Green owned the furniture in the apartment.

WIRELESS OPERATORS WANTED.

Local School Kept Busy Endeavoring to Supply Demand.

Because of the strong demand for young men who can send or receive a wireless code of even twelve to twenty words a minute, the attendance at the Los Angeles Y.M.C.A. wireless school has more than doubled during the past three months. This school is supplying to coastwise and foreign marine trade and the United States Navy Department more radio-telegraphers than any other similar institution on the Pacific Coast. The attendance numbered fifteen day and thirteen night students.

Thomas A. Churchill, Jr., instructor, who served for nineteen months in the European war, says that three students have just gone to the Marco Polo company in San Francisco at good salaries and that others find it difficult to resist offers made them even before they have finished their courses.

A Pacific Coast wireless telegraph company has offered to place any project of operators of the Y.M.C.A. school can equip for the service.

TO BOOST HILL STREET.

Business Men Will Meet Today to Plan Campaign.

Prominent property owners and business men of Hill street will meet at lunch at Hamburger's Cafe this noon to discuss important questions with reference to the future development of the thoroughfare.

The meeting will also be marked by the election of officers for the recently-organized Hill Street Improvement Association.

Among the proposals to be discussed will be that of changing the name of Hill street to "Fifth avenue," which was suggested at a recent meeting of the association. The project of operators of the Y.M.C.A. school will also be taken up, as will also the plan of publishing the directory of the Y.M.C.A. school to the interests of the street.

LUMBERMAN KILLED.

Richard Pratt, 5607 Eleventh street, morning district, was killed yesterday morning when crushed between a crane and some lumber framework. He was an employee of the McCormack Lumber Company and was working on a lumber pile when a crane was lowered, pinning him beneath the frame work. He died a short time later at the San Pedro Hospital.

CEMENT GOING UP.

The city yesterday purchased 5000 barrels of Portland cement at \$1.74 a barrel, or a saving of 12 cents higher than that paid for cement a year ago.

NEW APPEAL LOOMS.

Attorney for Councilman Betkouski Seeks to Take Case to Supreme Court, which Would Obliterate Occasion for Client's Office Removal.

Issues raised in the case of Martin Betkouski, president of the City Council, charged with misconduct in office in connection with the sale of land in the Union Terminal deal, will be argued at 2 o'clock tomorrow afternoon. Deputy District Attorney Stanford and Oscar Lawler, the latter representing Mr. Betkouski, were closeted with Judge Finlayson yesterday, and the result was a continuance of the case for argument.

The appellate bench has ruled that the lower court has jurisdiction to try the matter, but yesterday Mr. Lawler raised the question of his right to appeal to the Supreme Court from the decision of the Appellate. He would have thirty days in which to do this, and meantime no proceedings could be had in the lower court until the thirty days had elapsed. This would throw the trial of the case over into July. But it happens that Mr. Betkouski's term expires on July 1, so that the occasion for ousting him would then be obviated.

Mr. Stanford opposed the delay. Judge Finlayson will determine Wednesday whether or not the case must proceed to trial.

Accident.

CAR PLATFORM CUT OFF IN COLLISION.

THREE PERSONS ARE INJURED WHEN AIR BRAKES FAIL.

Red Coach Crashes Against Yellow, Catastrophic Collision Upon Brick Mason's Back—Seventh Street Traffic is Tied up for Two Hours by the Wreckage.

Faulty air brakes on Pacific Electric car No. 1029 caused an accident at Seventh street and Maple avenue yesterday morning, which tied up traffic at the crossing for two hours and injured three people.

The interurban car, carrying a number of laborers and some track supplies, struck Los Angeles Railway car No. 779, and tore the rear platform off it.

Conductor C. F. Foster of the yellow car was thrown several feet by the impact and landed upon the back of Lee H. Saxton, a brick mason of No. 246 East Thirtieth street. Mr. Saxton has several broken ribs. Foster has internal injuries. Dr. R. Higgs of No. 317 East Thirtieth street received severe bruises on the arms and legs.

More than fifty passengers were thrown from their seats by the collision.

The Pacific Electric car was in charge of Conductor H. Hilgahl and was being driven by Driver Foster and Motorman A. Lawson were in charge of the Los Angeles Railway car.

PICTURES DIDN'T SUIT.

Husband and Young Wife Tried Game and Now Seek Divorce.

Two versions were advanced yesterday in the divorce suit of Carl H. Burch against Pansy H. Burch, 19 years old. Both were in Judge Wood's court and Mr. Burch was ordered to pay \$20 a month alimony until the trial of the case.

He said his allowance from home was cut off because his folks do not approve of his playing pictures. He was getting \$20 a month, he said.

Mrs. Burch declared that he gets \$10 a month and that he has been married May 5, 1916. Mr. McKee is living retired at Long Beach. He is said to be a millionaire, having been a banker in Idaho.

The complaint alleges that the husband had not taken a bath for several months and had suggested to him. He was incensed, the wife complains, because she turned the bed linen too frequently; complained of paying \$1.25 for gloves for her, and that he came to breakfast while company was present in a cause garment.

Mr. McKee is represented by Attorney Clyde E. Cate, and his wife by Swaffield & Swaffield.

NO BATH IN MONTHS.

Is what Elderly Woman Says of Her Husband, Adding That He Became Angry when She Suggested That Water Wouldn't Harm.

Because she had separate property, Mrs. Alda McKee failed to obtain an order for temporary alimony in Judge Wood's court yesterday. She brought suit for divorce against Thomas McKee, 45 years old and he is 70. They were married May 5, 1916. Mr. McKee is living retired at Long Beach. He is said to be a millionaire, having been a banker in Idaho.

The complaint alleges that the husband had not taken a bath for several months and had suggested to him. HOTEL ROBBERS GET RICH LOOT.

Bind Watchman; Force Night Clerk to Open Safe.

Take Seven Thousand Dollars in Jewels and Money.

Visitors to the City Heavy Losers Through Theft.

Armed with big revolvers, their faces protected by black masks, and directing Night Clerk Fred Mahana with swiftly-spoken, ugly sentences, to open the safe, two daring robbers at 2 o'clock yesterday morning entered the Hotel Leighton, No. 2127 West Sixth street, and secured loot valued at \$7000.

According to the story told by Detective Houston and Profit by Mr. Mahana, he was on the second floor of the hotel when he heard the sound of a body falling to the floor. He hurried down the hotel stairway and saw two bandits, with guns and masks, standing near the safe. They had bound and gagged the night watchman of the hotel, Albert Worden, and kicked him into insensibility.

When the men saw Mr. Mahana they ordered him to open the safe door. He hesitated for a moment and one of the men pushed his weapon so hard against the clerk's side that an ugly bruise was left. Mr. Mahana opened the safe and the robbers took what they could find, after tying Mr. Mahana with curtains and gagging him.

The thieves secured diamonds valued at \$6000, the property of Mrs. M. J. Haas of Mexico City; jewelry valued at \$600, which was in a steel container for safekeeping for Mrs. W. C. Mycill of San Francisco; \$106 in cash of the hotel's funds, and a bond and a check valued at \$137, the property of R. T. Gaffey, a guest.

The hotel attaches, after the robbers left, crawled up toward and liberated each other.

Probers.

GEN THIEVES ACTIVE.

Four Homes in the Hollywood and University Districts Visited by Burglars Within a Few Hours and Jewelry in Each Case Stolen.

Thieves in the Hollywood and University districts early yesterday secured \$510 in loot from four homes in the district.

Jewelry valued at \$110 was stolen from the residence of C. R. Plumb, No. 2310 Hoover avenue, while the home of Mrs. M. Anderson of No. 4773 Moneta avenue was burglarized for \$75 in jewelry. C. C. Willis of No. 2121 Canyon drive, lost gems worth \$150. A burglar used a similar method to enter the home of S. H. Wright, No. 5091 South Figueroa street, from which he took jewelry valued at \$125 and clothing worth \$10.

DRIVER LYING LOW.

Police Seeking Identity of Man at Wheel of Automobile that Fatally Injured a Youth and Then Kept on its Way Last Week.

Chief Butler yesterday issued special instructions to all officers in an effort to locate, if possible, the automobile which ran down and killed David Wiesenberger, a messenger boy, at Jefferson and Trinity streets, last Saturday night.

The machine passed over the prostrate body of the lad and continued on at an accelerated speed. If the driver gives himself up he will receive better treatment than if he waits until his identity is discovered.

FILES APPEAL NOTICE.

Man who lost Before Three Tribunals Still Fights On.

United States District Judge Bledsoe yesterday put a temporary period to William B. Edwards' efforts to dispossess Rev. Patrick H. Botkin of a quarter section of land in the Imperial Valley, by granting the motion of the defendant to dismiss the action, without leave to amend.

The action was taken on the amended bill offered by Edwards. In passing on the motion, Judge Bledsoe remarked that Edwards had brought his case before him after the local Land Office, the Commissioner of the General Land Office and the Secretary of the Interior had decided against him on all of the issues presented.

WILL INSPECT SITES FOR CAMP.

Gen. Liggett to Look Over Field Here for Army Division.

Maj.-Gen. Hunter Liggett, commander of the Western Department of the United States Army, will arrive in Los Angeles on the 27th inst. to inspect various sites in this section advanced for purposes of a permanent camp.

The Linda Vista camp probably will be temporary and of canvas, while the proposed one will be permanent and of substantial construction.

Los Angeles, by reason of her vast resources and wonderful railway facilities, has proffered several highly desirable sites for the division cantonment, and these Gen. Liggett will inspect. It will be his first personal visit here since he took charge of the Western Department.

At Bar.

COURT IN CHARGE OF BANK BOOK.

ONE FEATURE OF DECISION IN PENDELL CASE.

Wife Said to Have Disposed of Good-sized Sum Since Couple's Separation Last January, and Husband Admits Taking Custody of Funds in Trust for Her.

Mrs. Nellie L. Pendell, wife of Harry G. Pendell, who received \$15,000 as a property settlement at the time of the couple's separation last January, was shown to have disposed of practically \$11,000 since the time. Because of this, Mr. Pendell, in alimony court yesterday, admitted to Judge Wood that he had taken her bank book, to hold the money in trust for her.

Mrs. Pendell has remaining from her fortune approximately \$5500, of which \$1100 represents the cash Mr. Pendell received from the sale of one of the three automobiles she bought. She gave to H. L. Nelson \$7600, it was said, and brought suit against him to recover the amount, claiming that she had been defrauded. This action is pending.

In yesterday's proceedings for alimony he was represented by Attorney O'Connor and Mrs. Pendell by Attorney Lincoln.

Judge Wood ordered one of the two bank books taken by Mr. Pendell given to Mrs. Pendell. This represents a deposit of \$1000, and from this amount she may draw \$100 a month for her support. The other bank book was ordered deposited in court. Mr. Pendell was ordered not to dispose of any of his property pending trial of his suit.
